How to Cheer

Make sure to cheer whenever the [Cheer] screen or the [Cheer Start] screen appears!
In order to cheer appropriately, please read all of the instructions on this page carefully!
Wonderful things may happen if you cheer many times!

Cheering Advice

- Wave your hand as close to the sensor as you can.
- It's possible that if you wave your hand too quickly, your cheers won't count!
- If your cheers aren't registering appropriately, try to gently rub the sensor back and forth with your hand!
- ★ The Cheer Sensor may not work if your hand is too far away from it, if the sunlight or a lamp is shining on it directly, or if you're in a dark place.
- ★ The sensor may not work appropriately if you fail to follow any of the instructions in this manual.
